COMPACT T

MESSER INTELLIGENT SOLUTIONS

COMPACT SPACE SAVER

COMPACT I

Inline with machine

- + Increase your productivity to new levels with Compact series of loading & unloading system.
- + Designed for shops which require a narrow footprint.
- + Simple material handling system for single machine operation.
- + The system utilizes a space roughly the same size of shuttle table.
- + A symmetric design allows modules to be placed on either side or on the rear of the shuttle table.
- + Ensures least time for material loading / unloading.
- + Better utilization of machine and floor space.
- + Available for 3015 & 4020 sizes.
- + Single cart can be used as an option for material platform

COMPACT T

Perpendicular with Machine

Increased productivity
Automation allows for 24/7 production

Lower operating costs
Much faster and more accurately than human efforts

Increased worker safety
Can perform safe tasks and work in any environments

Improved work environment
Machines take over tedious and repetitive activities, were workers carryout creative jobs

Better use of floor space
Vertical space saves valuable area and making room for more productivity

Increased product quality
optimized processes for more consistency, and superior product quality

CREATING SOLUTIONS BEYOND MACHINES

What we stand for

PRODUCT

Messer Cutting Systems is a global supplier of cutting edge technology for the metalworking industry.

AUTOMATION

With over 900 employees worldwide in over 50 countries, we maintain a constant dialogue with our customers to achieve sustainable user-oriented innovation.

DIGITAL

SERVICES

Our portfolio embraces the themes PRODUCT, DIGITAL, SERVICES, AUTOMATION and KNOW-HOW. We will live up to our claim “creating solutions beyond machines” not just with the most modern cutting systems and solutions for oxyfuel technology.

KNOW-HOW

Appropriate services and training, our own software applications as well as the integration of solutions from our technology partners, e. g. in the field of automation, complete the machine to give forward-looking total solutions.

Our know-how combined with our customer-oriented attitude and actions have made us the worldwide partner of choice for innovative total solutions on all aspects of cutting systems for over 120 years.
